

Connecticut Geothermal Association 2017 Scholarship Program

Guidelines and Application Form

* The Connecticut Geothermal Association is seeking applications from seniors and juniors in Connecticut Trade Schools enrolled in a Heating Ventilating and Air Conditioning curriculum, with an interest in designing and installing geothermal heat pump systems.

* Two \$500.00 scholarships will be paid to students in July, for applications awarded this year.

* Applicants must have the endorsement of their teacher, by way of the teacher's signature on this application and a separate confidential letter of recommendation to the Connecticut Geothermal Association. Application deadline is May 10. Late applications are not accepted.

E-mail one scanned copy of a completed application package to: ctgeoscholarship@gmail.com. A complete application consists of this completed application form, the required geothermal heat pump system design, transcript or other proof of enrollment at a CT Trade School, a resume, and the teacher's letter of recommendation. The teacher's recommendation should be sent separately.

The applications will be reviewed and recipients will be selected by a committee consisting of volunteers from Connecticut Geothermal Association. The two scholarships will be awarded, based on evaluations of the complete application packages. The two scholarship winners will be notified by June 10.

Copies of this application form may be downloaded from the Connecticut Geothermal Association website at www.ctgeo.org website. Go to the Resources tab, and then click on Learn More about Geothermal.

Refer to the Scholarship Application Rules 2017, also available at the CT Geo website.
